

Yearly Ministry Calendar

This yearly calendar suggests ways that your congregation can get involved by supporting a Church Network ministry. This “Year-at-a-Glance” is a tool churches can use in planning ministry activities. **Many of these ideas can be done at any time during the year.**

More details about each monthly project and the various Church Network Ministries are included in the Christian Services guidebook. For more information about these or other ministry opportunities, call Christian Services at 394-5413 or email us at CSLansing@acd.net.
